Control Knobs and Control Panel

Cleaning Control Knobs:

IMPORTANT: Before cleaning, make sure all controls are off and the cooktop is cool. Always follow label instructions on cleaning products.

Cleaning Method:

Pull knobs straight away from control panel to remove.

To avoid damage to the cooktop controls, do not use steel wool, abrasive cleansers or oven cleaner.

To avoid damage, do not soak knobs.

Soap, water and a soft cloth or sponge are suggested first unless otherwise noted.

When replacing knobs, make sure knobs are in the Off position. On some models, do not remove seals under knobs.

Cleaning Control Panel:

IMPORTANT: Before cleaning, make sure all controls are off and the cooktop is cool. Always follow label instructions on cleaning products.

Cleaning Method:

To avoid damage to the control panel, do not use abrasive cleaners, steel-wool pads, gritty washcloths or abrasive paper towels.

- Soap, water and a soft cloth or sponge are suggested first unless otherwise noted.
- Glass Panel: Glass cleaner and soft cloth or sponge: Apply glass cleaner to soft cloth or sponge, not directly on panel.
- affresh® Kitchen and Appliance Cleaner.
- If you would like to purchase one of these accessories, you may visit your local retailer or Order Accessories online.
